# Report of Fire Chief

---

The past year we were fortunate firewise having had only one building fire besides chimney fires.

The firemen with the help of the auxiliary have accomplished several very worthwhile projects, some of which were the purchasing of a complete resuscitator, three lanterns, three aluminum ladders, and paid for half of the furnace which has been installed at the Veterans' Hall, the town paying the other half as voted at last town meeting.

They also sponsored two boys at Camp Wyaka, contributed to the Richmond Church and gave the children a Christmas Party.

Respectfully submitted,

ARTHUR E. STINSON,

Fire Chief

## PREVENTION IS EVERYBODY'S BUSINESS

The year 1959 was fortunate from a forest fire standpoint. New Hampshire had the best record in the nation. Fewer acres were burned, suppression costs were substantially reduced and damage to woodlands held to a minimum. The record resulted from a combination of favorable weather conditions, an alert warden service and a cooperating public.

Yet, despite all this, there still persist a disturbing note.

53%, or 6 out of every 10 fires in 1959 was caused by careless smokers and debris burners.

10%, or 1 out of every 9 fires was caused by children.

Careless, indifferent, thoughtless and independent minded individuals and failure of parents to properly supervise children and keep matches out of their reach, annually cause these unnecessary fires which cost large sums to extinguish and cause extensive damage. The elimination of these three causes of fires would radically change this picture. The rules are simple—

1. Before burning, secure a permit from your local forest fire warden—the law requires it.
2. Be sure to properly supervise your burning.
3. Make certain your fire is DEAD OUT before leaving it.
4. Don't throw lighted matches, cigars and cigarettes from moving vehicles—use your ash tray.

Number of local fires	2
Number of acres burned	8¼
Number of permits issued	27

I wish to thank those who have given books and magazines this year. Your continued support is needed and very much appreciated. More children have found their way to the Library this year and I am sure they have benefited by it.

Perhaps you would like to know that in June, I was given the honor of becoming First Vice-President of the New Hampshire Library Association. I attended the Vermont - New Hampshire Association annual meeting in Hanover, at which time I took office. Two weeks later the president resigned to take up new duties elsewhere. I have been President since that date and am enjoying my duties very much. I attended the New England Library Association meeting at Swampscott in October and brought back much useful information. At one of the meetings the six state presidents took active part in a panel discussion on news bulletins and news letters of their state associations. New Hampshire received favorable comment upon their newsletter by the official speaker of the meeting. Each president was also asked to sit at the head table during one of the evening sessions. We were presented with orchids from the hotel management.

I would like to see more Richmond citizens coming to the Library in 1960. I am there to serve you and your families. Let us make the new decade a memorable one in Library service.

Respectfully submitted,

EDITH W. ATKINS,

Librarian

# Report of the Police Chief

---

I hereby submit my report for the year 1959.

During the past year your police department has investigated 10 breaks or incidents of theft and has been responsible for the recovery of several stolen items.

We were called to investigate eight disturbances of the peace, nine reports of suspicious people in the town, and three deserted or stranded automobiles.

Your officers stood duty at the scenes of 12 automobile accidents. In three cases it was necessary to take people to the doctor or the hospital. We also issued speeding warnings, stop sign violation warnings, investigated driver license violations, and appeared in court when charges were pressed against individuals.

We were called four times during the year to aid people because of emergency illnesses. Four emergency calls were delivered to people who do not have telephone service.

An officer has stood duty at Four Corners on school days to protect our school children.

Officers have stood duty at bingo games, the old home day activities, Memorial day services at the Veterans Memorial Hall, and the Hosea Ballou observance at the church.

We collected the delinquent dog taxes, destroyed some undesirable dogs, and found homes for several strays.

Your police also investigated a molesting charge, found a home for an unruly girl, supervised an eviction, and arrested two men who attempted to hold up the Four Corners Store.

Your officers with the auxiliary civilian defense police participated in three alerts.

We wish to express our appreciation to those who have cooperated with the police department by reporting promptly any suspicious individuals or occurrences as well as breaks.

We especially wish to thank all those who so promptly and willingly turned out to help us in the search for the two boys who were lost in our woods. This was a fine example of the town's cooperative spirit.

Respectfully submitted,

ROY B. HEISE,

Chief

# Report of Director of Civil Defense

Board of Selectmen and Citizens of Richmond:

I hereby submit my report for the year ending December 31, 1959:

Your Director has attended meetings in Concord and Keene with State Director Admiral Brinkman and Operations Officer E. G. Moses and staff.

Mr. Moses has visited our Control Center on two occasions and his report and a letter from Admiral Brinkman, which are at the Control Center, gives Richmond a very good rating.

We have had one town alert and two national alerts plus several phone alerts which were for communications only.

The Selectmen have given us the use of the old tramp house which has been fixed up and is now used to store Civil Defense property as a supply depot. The Town now has on hand equipment valued at \$764.21 which has cost us just \$89.52.

I would like to thank everyone for the fine cooperation we have received but I would also like to see more visitors at our control center. Remember, it is your Civil Defense and you will have a better understanding of what we are trying to do if you become acquainted with it.

For a detailed accounting of our purchases and numerous transactions, please refer to the Selectmen's Report under the Civil Defense heading.

Respectfully submitted,

HECTOR G. HOLM,

Director

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Richmond:

I have the honor to submit my thirteenth annual report.

### Enrollment Table, January, 1960

School	1	2	3	4	5	6	7	8	9	10	11	12	Total
North Richmond	7	5	7	6									25
Swanzy					8	5	4	6					23
Winchester Elementary					3	1							4
Thayer High School, Winchester							3	2	1				6
Keene Junior High									3				3
Keene Senior High											1	1	2
Total	7	5	7	6	11	6	7	8	4	0	1	1	63

### Possible Future First Grade Enrollments

(Data taken from School Census Cards)

Grade				
1960	1961	1962	1963	1964
5	6	5	5	3

### Possible Future Enrollments

Grade													
School Year	1	2	3	4	5	6	7	8	9	10	11	12	Total
1960-61	5	7	5	7	6	11	6	7	8	4	0	1	67
1961-62	6	5	7	5	7	6	11	6	7	8	4	0	72
1962-63	5	6	5	7	5	7	6	11	6	7	8	4	77
1963-64	5	5	6	5	7	5	7	6	11	6	7	8	78
1964-65	3	5	5	6	5	7	5	7	6	11	6	7	73

The total current enrollment of 63 is exactly the same as that in the corresponding table a year ago. The distribution of pupils, however, is considerably different. The number of pupils in high school is increasing. This will be particularly true next year which results in a sharp increase in the tuition item of the budget.

The Richmond School Board and School Planning Committee are fully aware of Richmond's school problems. Since there are varied solutions of these problems, the school board and school planning committee want to make sure that they select the correct one.

Last year the formation of a cooperative school district involv-

ing Hinsdale, Richmond, Swanzey and Winchester was attempted but the project failed. Other neighboring towns have since evidenced an interest in the formation of such a district and meetings have been held to discuss its possibility.

Since any decision involving the Richmond schools will have an effect for years to come, it should be a sound investment to have a firm of educational consultants make a survey of the Richmond School District to determine Richmond's educational needs. Such a survey is being contemplated for Swanzey and Winchester. Dr. N. L. Engelhardt, Jr., of the educational consultant firm of Engelhardt, Engelhardt, Leggett and Cornell has outlined the services which his firm is prepared to perform. The study would include the following:

1. Analysis of the possibilities of developing a cooperative school district both for all grades or for secondary school alone.
2. Study of the desirability of any combination of districts consolidating or of any district maintaining a separate school organization.
3. Analysis of the present school buildings with regard to safety, sanitation, obsolescence, and adaptability to present and future educational programs.
4. Report on child population trends based upon an analysis of total population trends, number of births, residential growth and school enrollment statistics over a period of years.
5. Recommendation of a future school site and building program, including estimates of the cost of construction of essential facilities, the cost of operation of the school system, with estimates of tax rates both for going it alone and as a cooperative district, or in any combinations that seem to be advantageous or worthy of consideration.
6. Conferring with State Department officials in conjunction with the proposed recommendations.
7. During the course of the survey the Consultants may confer with such officials, lay citizens and groups as may be necessary in accomplishing their purpose.
8. The broad implications of the curriculum of the schools will be studied by the Consultants in the course of the survey for the purpose of ascertaining the influence of curriculum developments upon new school building planning.

The National Defense Education Act is making it possible for school districts to obtain monetary assistance in improving instruction in Mathematics and Science. The Richmond School District is taking advantage of this opportunity which makes funds available

on a matching basis.

In conclusion, I wish to express my appreciation to the teacher, pupils and parents, the School Planning Committee, the School Board, and the patrons of our school for their cooperation.

Respectfully submitted,
